SUPERVISORY PATENT EXAMINER

Examiner Note: You must sign this form unless it is an Attachment to a signed Office action.

Examiner's signature, if required

Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The proposed amendment to overcome 101 rejections was discussed and examiner indicated that amendment should be sufficient to have 101 rejections withdrawn (applicant will amend claim to indicate medium as volatile or non-volatile (or possibly as tangible) in order to avoid defining transmission media, which was agreed to be non-statutory). Further review of 101 issues with supervisor will be needed prior to withdrawal of 101 rejections.

The differences between prior art QuikTxt and the invention were discussed. The examiner and attorney agreed that QuikTxt anticipates the claims as currently embodied, but that the attorney's proposed amendments should differentiate and require a new search.

The attorney indicated that he will be adding in the copending application information in [0001]..
